at
2011 Canadian Mathematical Society Winter Meeting

Panel Discussion
The Role of Mathematics in Industry

Windsor Room at Delta Chelsea Hotel • 33 Gerrard Street West • Toronto, Ontario

December 9, 2011 • 2:30 p.m. - 3:45 p.m.

Panellists:

OLEKSANDR ROMANKO
McMASTER UNIVERSITY AND ALGORITHMICS

Dr. Romanko works in the areas of optimization, operational research, mathematical modelling, data mining, algorithms and software. He received advanced training in financial modelling, optimization methods in finance and economics, and portfolio management.

HUGH C. WILLIAMS
CENTRE FOR INFORMATION SECURITY AND CRYPTOGRAPHY, UNIVERSITY OF
MANITOBA, AND TUTTE INSTITUTE FOR MATHEMATICS AND COMPUTING

Professor Williams is the iCORE chair in algorithmic number theory and cryptography, director for the Centre for Information Security and Cryptography at the University of Calgary, as well as Professor Emeritus at University of Manitoba. Furthermore, he is director of the Tutte Institute for Mathematics and Computing in Ottawa, a research-oriented satellite of the Communications Security Establishment.

THE DISCUSSION IS GEARED TOWARDS GRADUATE STUDENTS AND NEARLY FINISHED UNDERGRADS.
LIGHT REFRESHMENTS WILL BE SERVED.

CV Writing Workshop

James Room at Delta Chelsea Hotel • 33 Gerrard Street West • Toronto, Ontario

December 9, 2011 • 4:00 p.m. - 5:30 p.m.

Description: A hands-on workshop consisting of a short presentation, followed by a discussion and peer-review of curriculum vitae (CVs). Participants are invited to submit their CVs ahead of time to help the workshop coordinators zero-in on common problem areas and to get better constructive feedback. Pre-registration is required for this event.

**For more information and pre-registration for CV workshop,
please visit <http://math.ca/Events/winter11/students>**
